Applicant information

Enter the requested details in the shaded text fields.

01 Lead applicant

Full name

Qualifications

Position

Institution

Email

Phone

Co-applicants (up to 8 co-applicants)

Names and roles

Host institution

Institution name

Address

Affiliation to a EuroELSO center (Yes / No)

If yes, please add the ELSO center number

Research proposal

Project overview and scientific summary.

Project title

Lay summary MAX. 250 WORDS

For publication on the EuroELSO website if awarded.

02 Scientific summary

MAX. 2,500 WORDS TOTAL

Complete the three topics on pages 2-3. Additional space is available on page 7.

Healthcare / educational need

Scientific summary

Maximum 2,500 words in total across all scientific summary fields, including page 7.

Background and rationale

Specific research questions or aims

PICOST framework

Describe the key elements of the proposed study.

P - Patient, problem or population

Define the target population and clinical issue.

I - Intervention

Describe the intervention or exposure.

C - Comparison or control

Detail control or comparison groups.

O - Outcome

Specify primary and secondary outcomes.

T - Timing

State the duration or follow-up timelines.

S - Study design

Outline the methodology (e.g., RCT, observational).

Resources requested

Provide an itemized budget and the justification for each item.

Total amount

Duration of study

For each budget category, list the items, costs and justification in the same text field.

Salary costs

Equipment / consumables

Software

Expected impact and dissemination plan

Other (please specify)

Approvals & authorization

Complete the remaining application details and prepare any supporting attachments.

05 Ethics and regulatory approvals

Status of ethics approval

Relevant documentation (if applicable)

06 References and supporting figures

Optional: include one A4 page each for references and figures.

Attachment names / details (if applicable)

07 Signatures and authorization

Signature of lead applicant (typed name)

Date

Institutional approval - ECMO Center Director (typed name)

Date

Submission instructions

Send the completed form and attachments to the email address specified in the call for applications before the deadline.

Use Adobe Acrobat Reader to fill in, save and review your completed form.

Scientific summary

Optional continuation sheet. Include this text in the overall 2,500-word limit.

Use this page if you need more space for healthcare / educational need, background and rationale, or specific research questions or aims.

Topic / subsection

Additional scientific summary text
